Dear Benoit Granier.

MUSICACOUSTICA-BEIJING 2018, an international electronic music festival, will be held in October 22-27 at the Central Conservatory of Music in Beijing. MUSICACOUSTICA-BEIJING was established in 1994. It is devoted to the promotion and sharing of eletro-acoustic music of and between China and other nations.

We'd be very glad to invite you to perform at our festival; this is a valuable chance to enhance the collaboration between the Central Conservatory of Music and your institution.

During the MUSICACOUSTICA-BEIJING 2018, you will be invited to premiere your new piece, "Dante divine comedy's City of DYS" during the opening ceremony. You will also be invited to present some of your work and technique during a presentation lecture and a master class.

I am very much looking forward to meeting you in Beijing. Please feel free to contact me should you have any questions.

Sincerely yours,
